

Student Media Release & Consent

Parent / guardian permission for the collection and use of student media.

The Cosmic Leap Foundation runs the **Space Colony Competition**, a STEM competition in which student teams create a written report, drawings, a team video, and other materials about a space-colony design. This form asks a parent or legal guardian for permission to collect and use a student's media as part of the competition. Please complete the fields, read every section, **choose one option**, and sign.

STUDENT NAME _____ SCHOOL _____

TEAM NAME / NUMBER (if known) _____ GRADE _____

REQUIRED Participation & judging

To take part, a team submits project materials that may include your child's **image, voice, name, or likeness** as shown in the team's video, report, or presentation. These materials are shared only with authorized competition staff and volunteer judges, and only to evaluate entries, provide written and video feedback, and determine awards. This use is necessary to participate and applies to every registered team.

OPTIONAL Public & promotional use

Separately, the Foundation may wish to celebrate student work and the program through public communications. With your permission, materials from your child's team may appear in:

- The Foundation website and competition results pages
- Program newsletters, social media, and email
- Educational presentations and grant reports
- Award announcements, printed and promotional materials

Choosing not to allow this does not affect your child's participation, judging, scores, feedback, or awards in any way.

CHOOSE ONE — REQUIRED

☐ **I GRANT permission** for my child's image, voice, name, or likeness to be used in public and promotional materials as described above, in addition to competition judging.

☐ **I DO NOT grant permission for public or promotional use.** My child may still fully participate, be judged, be scored, and receive feedback — only outbound public/promotional use is declined.

*If no box is checked, the Foundation treats this as **no permission** for public or promotional use.*
